- Experiences:
 - Energy audit vouchers
 - Energy declarations for buildings

Process in two steps

5th dec 2015

The enterprise reports:

- Whether they fall under legislation or not
- Whether they will contract a certified energy auditor or do the audit within a certified management system.
- They have a plan for how to carry out the energy audit

Early 2017

The enterprise reports:

- The energy audit is complete and the results from it (aggregated level)
- The full energy audit report stays at the enterprise
- Certificate for management system or certified energy auditor

Certified energy auditors

- Create certification in cooperation with Swedish Board for Accreditation and Conformity Assessment and certification companies

Work has begun-but not completed.

Mutual recognition

- National legislation:
 - Register of energy auditors.
 - Including auditors from other MS if recognised in home country.
 - Request document

Request document

- Certificate number
- Certificate valid until (date and year)
- Certified by which accredited certification organisation
- The certification meets the requirements set out in EC Regulation 765/2008?
- Approved in which MS?
- Attach:
 - documents
 - reference to national legislation

**Thank you for your
attention!**
